**RE: BP Notification to TN DEC Regarding BP's Pending Transfer of Ownership for the Nashville Terminal**

Dear Mr. Higgins:

BP Products North America Inc., (BP), the current owner of the above named asset, wishes to inform your office that BP and Marathon Petroleum Company LP (Marathon) have entered into an agreement pertaining to the sale of the Nashville Terminal. Blanchard Terminal Company, LLC, a subsidiary of Marathon, will acquire ownership of and operate the terminal located at 1409 51st Avenue North in Nashville. Transfer of ownership and operation is scheduled to take place in early 2013, perhaps as early as January 1.

The facility is currently operated under the following National Pollutant Discharge Elimination System (NPDES) Permits:

- General NPDES Permit for Discharges of Hydrostatic Test Waters #TNG670062
- Tennessee Storm Water Multi-Sector General Permit for Industrial Activities #TNR050000/TNR053661

BP understands that the NPDES permits are transferrable, with approval. Blanchard Terminal Company soon will be requesting approval for the transfer. And Blanchard will inform your office of the actual closing/transfer date.

Thank you in advance for your assistance in this matter. If you have any questions, please contact either Greg Moore of Marathon at 419-421-3774 or Maribeth Dobbins of BP at 704-399-3925.

Sincerely,

Simon W. Richards  
Program Management Office, BP Products North America Inc.
